

hive *of* thinkrs

Learning that Feels Like Play
Skills that Last a Lifetime.

For over a decade, Hive of Thinkrs has made learning an adventure.

Our programs blend play, creativity, and technology to help students discover how science, coding, math, and engineering come alive in the world around them.

From Kindergarten to 12th grade, every child becomes a bold, confident Thinkr ready to explore, build, and innovate.

OUR CORE PROGRAMS

STEAM

Hands-on programs that turn imagination into innovation. Students explore robotics, coding, 3D design, and art through fun, game-based projects that make complex concepts easy to grasp and exciting to apply.

ACADEMIC TUTORING

Personalized sessions designed to help each student thrive in school. From reading and writing to math and science, our tutors make learning interactive and confidence-building.

TEST PREP

Expert support for ISEE, SSAT, SAT, and ACT exams. We teach smart strategies, test-taking confidence, and problem-solving skills that go beyond the classroom.

STUDY SMART – EXECUTIVE FUNCTION

This program helps students develop organization, focus, and time management skills so they can study smarter, not harder, perfect for students balancing academics and extracurriculars.

OUR PROGRAMS

STEAM PROGRAMS

Art & Design

- 3D Design and Printing
- Music Production
- Photoshop

Coding

- Scratch Jr.
- Scratch
- Python
- Java
- Game Design

Engineering

- Robotics
- Electronics with littleBits and Arduino
- Creative Product Design

Game-Based Learning

- Minecraft

ACADEMIC TUTORING

- Math Enrichment
- Study Smart - Executive Function

Test Prep:

- ISEE
- SSAT
- ACT
- SAT

More than classes, A new way to help your child learn.

- Game-based, hands-on learning that makes every lesson fun and meaningful
- Personalized programs that meet your child where they are and help them grow beyond it
- Inspiring instructors who make STEM and academics come alive
- Flexible scheduling options for families — in-person or online
- Real-world skills that build confidence, curiosity, and creativity

Join the Hive. Let's Think Boldly Together.

Give your child the chance to discover, create, and fall in love with learning.

Explore how Hive of Thinkrs can help them build confidence and thrive in every subject — from coding and robotics to math, reading, and test prep.
